Performance Reflections

You are required to answer the following questions based on your role.

Team member - complete this section as part of your Performance Reflections:

Reflect on your performance and development since your Q2 Talent Assessment by answering the following questions:

- 1. What learning and development actions have you taken to improve in your current role and advance your career overall (e.g., training programs, challenging projects, mentoring, or coaching)?
- 2. What development opportunities would help you grow in your current role and support your long-term career goals?
- 3. Highlight your key achievements relative to Cisco's Performance Framework: Business Outcomes and [Guiding Principles](#).

Team leader - complete this section as part of your team member's Talent Assessment:

Reflect on the performance and development of your team member since the Q2 Talent Assessment and answer the following questions:

- 1. Share tangible examples of how this team member actioned on their agreed upon development priorities outlined in their Q2 Talent Assessment.
- 2. Highlight this team member's key achievements relative to Cisco's Performance Framework: Business Outcomes and [Guiding Principles](#).

Manager Reflection	Employee Reflection
Response: Bruce captures his recent accomplishments well. I would like to make special note of Bruce's leadership in the Segment Routing domain. He is one of, if not the leader in the direct field team and represents Cisco incredibly well in front of customers inside and outside of ASP.	Response: We got our first Geico SONiC/Cisco8000 order (\$1.6M) with hopefully many more to follow Invented the SRv6-SGT concept and served as Josh's wingman in the multi-BU Yukon++ project - Call it "Cisco Powered Part 2" Delivered my Isovalent Overview presentation to the global PSE/DSE community, the Web team, and the SP DCN Champions forum Hyperscale DC design using Hoffman-Singleton graph topology and SRv6 UCMP (~50% savings on fabric nodes vs. comp CLOS design) - Oracle engagement,

hopefully will turn into a CPOL

Microsoft 1.6T Multi-plane WAN/Backbone design - SR and SRv6 options

Served as editor for four chapters of the upcoming SRv6 book written by Clarence and team

SR/SRv6 and/or cloud-native networking consultations with Google (GDCE), Honeywell, Texas Instruments, Adobe, TMobile, Bell, VZ

Team Impact

How does your team member show up against [Cisco Principles](#), and put their strengths at the service of the team? If your team member is a people leader, please also share examples of how they are showing up against [Cisco's Leadership Expectations](#).

Manager Reflection

Response: Bruce is a collaborative, creative and diligent team member. Beyond the volumes of requests for his help outside of ASP, his participation in engineering forums and the trust they place in him to represent them is evidence of how positively he shows up.

Expectations Overview

This team member is meeting expectations for their role across both areas of Cisco's Performance Framework (Business Outcomes and [Guiding Principles](#)).

Manager Reflection

Rating: Yes

Section Summary

Manager Reflection

Comment: Bruce is performing very well as a Principal Solutions Architect and is working very well towards taking his next step.

Development Priorities

Increase scope of your team member's role and/or provide new leadership opportunities (e.g., dynamic team leadership, serve as a mentor or [sponsor](#))

Manager Reflection

Rating: Continue (Action Already Planned or Taken)

Provide a stretch assignment, special project, or job shadowing opportunity

Manager Reflection

Rating: Continue (Action Already Planned or Taken)

Expand their professional network (e.g., holding informational interviews, joining an [Inclusive Community](#))

Manager Reflection

Rating: Continue (Action Already Planned or Taken)

Recommend your team member receive a [coach](#).

Manager Reflection

Rating: Continue (Action Already Planned or Taken)

Recommend your team member receive a [sponsor](#).

Manager Reflection

Rating: Not Needed/Not Applicable

Invest in training courses, development programs, certifications, and/or conferences. While focusing on important skills to develop, include a special emphasis on AI and its application for your team member's role.

Manager Reflection

Rating: Not Needed/Not Applicable

Explore new internal role opportunities that support career growth, based on discussions with your team member.

Manager Reflection

Rating: Not Needed/Not Applicable

Section Summary

Manager Reflection

Comment: Bruce and I discussed the importance of developing a foundational project to drive results in the business and can be appropriately linked to his DSE package. We discussed some starter opportunities to develop conceptually and will take steps to support him as things are identified.
